

Glenville Police Department

Press Release

To: All Media
From: Lieutenant Michael Petroski
Date: September 6, 2017
Re: Enforcement Activity

The Glenville Police will begin a period of aggressive driving enforcement which started on September 4th and will continue through the month of September 2017. The Glenville Police will target speeding, following too closely, failing to signal for turns and yield the right of way. Additional violations related to cell phone use, passing red lights and improper use of the roadway will also be enforced. The targeted enforcement stems from contributing factors most frequently reported in crash data from our roadways. This enforcement effort is specifically funded through the NYS Governor's Traffic Safety Committee annual grant award.
