Supervisor Koetzle's 2023 Budget Message

My 2023 budget submitted to the Town Clerk on September 30, 2022 is a conservative spending plan which once again stays within the state imposed real property tax cap limit. **The Town of Glenville has stayed under the tax cap every year since it was implemented,** and we have done so without relying on gimmicks such as new fees or the deferral of required payments to the state retirement system.

The overall proposed 2023 tax rate increase is 2.00%. The overall proposed tax levy increase is 2.48%, which is below our New York State tax cap limit. A typical Glenville homeowner outside the village, with a home assessed at \$172,100, will see a total 2023 town tax bill increase of \$18 which covers all town items on the January tax bill: town general, town outside, highway, water, sewer, and all special districts. A typical village homeowner, with a home assessed at \$116,800, will see a 2023 increase of \$3. Even with this slight increase, the Town tax rate for village residents will be lower in 2023 than it was in 2018. I'm very proud that the Town has been able to give village residents a cumulative tax cut over a five-year period. This is in stark contrast to the cumulative 19% tax increase imposed by the village of Scotia on its residents over the past five years.

Despite inflation at a 40-year high, we were able to stay under the tax cap by adhering to the same foundational tenets we've used for the past 13 years: paying down debt and protecting our fund balance. Our philosophy on avoiding unnecessary borrowing has resulted in a reduction of the Town debt load from \$23.1 million in 2010 down to \$10.1 million by the end of 2022 – a cut of 56%. Reducing our debt burden means lower interest payments, which results in more funds available for Town services.

The other key financial tenet we've followed since 2010 has been reducing the use of the Town's fund balance (our savings accounts) in our three main funds of Town General, Town Outside the Village, and Highway. From 2010 through 2020, we reduced our use of fund balance from about \$1.4 million down to \$300,000 – a reduction of nearly 80%. Due to the uncertainties concerning Covid-19 we had to reverse course in the 2021 budget. But we reduced our use of fund balance in the 2022 budget and will do so again in 2023 with \$385,000 appropriated for our three main funds.

We have also resisted the temptation to use federal American Rescue Plan Act (ARPA) money in the operating budget. Some municipalities have used ARPA funds in their annual budgets to plug shortfalls or sneak under the tax cap. This is a dangerous game since ARPA funds are only available for a limited time and then the well runs dry. Municipalities which used ARPA to balance their budgets merely kicked the can down the road for a year or two. The same budget shortfalls they plugged with

ARPA will be waiting for them when this funding stream has disappeared. This is the type of gimmick that we have refrained from using during my time as Supervisor and we're not going to start now.

Our hard work over the past 13 years to create a sound financial foundation for Glenville continues to pay off. Our conservative financial approach has allowed us to create capital reserve and debt reserve accounts to help fund large projects. Our dedication to making prudent financial decisions has enabled us to expand of the Senior Center, make major improvements to Maalwyck Park and Indian Meadows Park, continue the beautification of Town Center, and create Legacy Park. We will continue to adhere to this conservative financial philosophy throughout my tenure as Town Supervisor.

In recent years we have added staff when necessary to improve service for residents. The 2023 budget continues this trend. For the first time we will have a dedicated Commissioner of Public Works position. Up until now, the Town has relied on the elected Highway Superintendent to also oversee the water, sewer, and parks departments as well as maintain Town-owned buildings. This model may have worked well in the past but with our growth we're at the point where we need a full-time Commissioner of Public Works. In the past few years we have invested heavily in our parks system, we're at a decision point concerning renovating or replacing Town Hall and the police station, and we're ready to move forward with an expansion of our water system. These are just some of the many major projects the Town is currently undertaking, all of which require the skillset of a licensed engineer. This is why an engineering license is a prerequisite for the new Commissioner of Public Works.

We are also adding to our Town Hall staff by replacing a part-time Deputy Receiver of Taxes position with a second full-time Deputy Town Clerk. The new Deputy Town Clerk will be cross-trained to work in the tax office during collection periods. The tax office has a very unusual work schedule with some months requiring a full-time schedule, others months part-time, and others basically no-time. This has made the part-time Receiver job difficult to fill in the past few years. This upgrade to a full-time position in the Clerk's office should add efficiency to our front-end staff and help greatly in recruitment.

In 2023 we will also move from the planning and design phase of major projects to the implementation and construction phase. Over the past several years we have been very aggressive in pursuing grant opportunities to enhance quality-of-life for our residents while also improving our business corridors. I am very pleased at our success in winning a number of competitive grants, in large measure because our long-term financial planning has allowed us to provide the local cash matches that many grants require. For the past few years we have focused on securing major grant awards but in 2023 we will primarily focus on moving these projects to fruition. Priority projects for 2023 include:

- Making a decision on the renovation or replacement of Town Hall and the police station
- Beginning the Freemans Bridge Road multi-use path
- Completing the sidewalks for O'Rourke Middle School and Glencliff Elementary
- Moving forward with restoring the town portion of the Mohawk-Hudson Bike-Hike Trail
- Beginning construction of the Van Buren Road pedestrian path to create a walking path linking Town Center to the Andersen Dog Park and Indian Meadows Park
- Expansion of the water distribution system to include the Glenville Business & Technology Park and the West Glen neighborhood
- Completing the installation of a new kayak launch at Maalywck Park
- Continuing to work with our veterans on the new Legacy Park
- Creation of a disc golf course at Indian Meadows Park
- Continuing the restoration of Yates Mansion

In closing, I am proud that our hard work for the past 13 years has put us in a position to move Glenville forward while providing tax stability to all Glenville and Scotia residents. The 2023 tentative budget is fiscally sound, operationally effective, and fair to all. We will, as always, stay within the tax cap, invest in our community, and make significant progress in maintaining a long-term, sustainable economic base for town residents. I offer my thanks to the Town Board, the Town Comptroller, the Highway Superintendent, the Police Chief, department heads, our employee unions, and the entire town staff for their hard work on this budget and for helping this Town Board maintain a strong fiscal foundation for the people of Glenville.
