

Architectural Sheetmetal Products, Inc.

1329 Amsterdam Road – Scotia, NY 12302 – phone: 518-381-6144

ABOUT US

Established in 1980, Architectural Sheetmetal Products, Inc., is a manufacturer of metal standing seam roofing, wall/soffit panels and metal accessories for commercial, industrial and residential roofing systems. Our 25,000 square foot fabricating facility is conveniently located in Scotia, NY. We offer eleven different standing seam panel designs with a broad range of color choices in a variety of base metals and gauges.

ABOUT YOU

As a member of our team, you will get to put your technical and mathematical skills to use operating tools and machines and taking measurements according to take-offs. The positions we are hiring for will be great for an energetic person who wants to make the most of their abilities and grow with a family-oriented company committed to hard work. We will train the right person!

METAL FABRICATOR

Metal Fabricators should have good math skills, a mechanical ability and be able to take accurate measurements using a tape measure. The position requires some heavy lifting and standing on concrete in a factory environment. Forklift experience a plus. A willingness to learn and a clean driver's license a must.

METAL ESTIMATOR

Metal Estimators should have good math skills, WORD and EXCEL knowledge and some sales skills. Blue print or drafting skills will be beneficial. Metal Estimators work with distributors and end users on proper material selection, create estimates and quotes, track jobs and work with production schedules. A willingness to learn and a clean driver's license a must. Some travel required.
