

**Meeting of the Town Board  
Town of Glenville  
November 16, 2022  
At The Glenville Municipal Center  
18 Glenridge Road, Glenville, NY**

**Supervisor Koetzle** Calls the meeting to order at 7:00 PM

**Invocation**

**Pledge of Allegiance**

**Roll Call:** Julie Davenport, Town Clerk

**Present:** Supervisor Koetzle, Councilwoman Wierzbowski, Councilmen Godlewski, Councilman Martin, Councilman Ramotar.

**Absent:**

**Also present:** Jason Cuthbert- Comptroller, Vicki Hillis- Director of Human Services, Craig D'Allaird- Commissioner of Public Works.

**Town Council Reports**

**Councilman Godlewski:** Just to say Mr. Supervisor, I had the opportunity to attend the Veteran's Day Ceremony this past Friday and it was a very nice event. It was down by Thomas Corners and missing this year was a Woodrow Wilson quote. But the speeches went off well and Glenville Rotary did a fantastic job. As always it was very humbling to be a part of that service and then also the Memorial Day service, I just wanted to note that. Also, in addition to our Tree Lighting, which is vastly, approaching on December 3<sup>rd</sup>, on December 4<sup>th</sup>, is Holiday on the Ave. down in the Village, that begins at 2:00 o'clock, and it's always a fantastic event. I am looking forward to some, although it can tend to be a bit of a busy time around the Holiday season, I'm looking forward to the holiday events and that's coming up and that's all.

**Councilwoman Wierzbowski:** Yes, Mr. Supervisor, just a quick report. The Scotia Glenville Girls Varsity Cross Country Team, I don't know if anybody has seen an article in the paper, they won at Sectionals in Class B. They advanced to the States where they were this past weekend. The team was made up of four young ladies from Scotia-Glenville, two from Burnt Hills and one from Avril Park and one from Mohonasen. I think it's remarkable that these teams came together so that they could all compete. Individually they would not have had enough members that qualified to go to States without doing that. I think that really sums up the whole spirit of cross country and running as a sport in general. It's a very collaborative and encouraging environment, I think that's really fantastic. So not to keep you in suspense, but this past weekend the young ladies placed fourth in the State for Class B. They were then invited to the New York Federation in Wappingers Falls this weekend, which is apparently States are just public high schools. The New York federation is all schools, private and public and New York City within the state. This is the first time that a team from Scotia-Glenville has been invited to this meet and hopefully they do well. I'm sure that we will recognize them more formally once we

know if this is the last step. If they go further, I don't think that they do, but no matter what happens I just want to wish them congratulations and good luck and run swiftly young ladies, much faster than I would if I were to run there.

Thank you

**Councilman Martin:** I want to remark on our workshop last week, I especially enjoyed it. We had a presentation of the draft on the Town wide Park Master Plan. I think Vicki did a great job. There's a lot of good information in there, just a couple minor tweaks. It's a nice step forward in the evolution of our Parks Department here at the Town. Our Parks function and she really did a wonderful job and I look forward to the opportunity to adopt that and make it a part of our overall Town plan.

I think Councilman Godlewski has brought up an excellent topic regarding the care of children and what appears to be a loophole in the protection for children. Regarding those people who have had a child removed in their home, their own child, but yet then can go and provide childcare. We had, I thought some good discussions on that, I think maybe even some relatively cutting-edge outcome with that, depending on how things go. I thought it was an especially productive workshop and I really enjoyed both topics and being a part of each discussion.

**Councilman Ramotar:** Yes, Mr. Supervisor, A couple weeks ago Councilman Martin and I had a chance to meet with the Legacy Park Board and it was very interesting because they are on track. Obviously, a great plan with the park itself, but with some input from Councilman Martin and myself, and I think we are both going to try and continue to make those meetings, it's definitely making a difference in terms of helping them figure out which direction they want to go and how important each step in those phases is. So that was a good meeting. Secondly, I had a chance to, or had the opportunity to do a ride along with one of the officers with Glenville PD. Very exciting. I spent a few hours with Officer Matt Glass and it was just amazing to see how much time and effort the police or him, put into different streets and different businesses, in the parking lots. So much in that one day. I work in customer service and just some of the things he said and just how much attention our officers put in the customer service of our residents and how to interact with people, which is just great. So just wanted to share that.

It's been a very positive transition, everyone is doing very well, we are starting to get everyone acclimated and get going. Jim, I know you know Tony Tozzi, but I suggest you take an opportunity to maybe sit with him. I talked with him today about some of the things we're looking to accomplish.
